Philosophy

In order for the citizens of Titusville to have trust and confidence in the police, the Titusville Police Department strives to foster a good relationship with its citizens. As a community-policing agency, positive police behavior is reinforced through the scrutiny of Professional Standards.

Police Officers must be free to exercise their best judgment and to initiate action in a reasonable, lawful, and impartial manner without fear of reprisal. At the same time, they must observe the rights of all people. Citizens must feel free to question police conduct they feel is improper.

The Titusville Police Department is committed to unbiased policing in all its encounters between police officers and citizens.

Titusville Police Department policy provides guidelines for officers to prevent biased policing and reinforces procedures serving to maintain public confidence and trust through the provision of services in a fair and equitable fashion.

Investigative Procedures

A preliminary inquiry/investigation will be conducted on every complaint regardless of its nature. Depending upon the circumstances, the incident will either be handled by a supervisor, or formally by Professional Standards. If your complaint is assigned to the employee's supervisor for investigation, the supervisor may contact you to try to resolve the situation or to obtain further information.

The Chief of Police will determine if the case will be handled as an internal affairs (IA) investigation. If so, an order to investigate will be forwarded to Professional Standards. An investigator will complete a thorough investigation regarding the complaint.

Investigative Procedures (cont.)

The completed investigative report includes a narrative summary of the events and a finding of facts as determined by evidence, and the sworn statements of those involved. Prior to leaving Professional Standards, the report is reviewed by the staff member supervising Professional Standards for completeness and objectivity.

All investigative reports are reviewed by the Chief of Police and/or his/her staff for approval and recommendations.

Disposition

You will be notified of the final disposition in person, by telephone, or by mail. Any citizen who is not satisfied with the final outcome of a formal investigation may call the staff member supervising Professional Standards at (321)567-3944.
